

AN ACCUMULATIVE BIBLIOGRAPHY OF AUSTRALIAN ENTOMOLOGY

Compiled by M. S. Moulds

14 Chisholm St, Greenwich, N.S.W. 2065, Australia

This bibliography lists, in an accumulative manner, all literature published since the beginning of 1972 that directly concerns Australian insects. It attempts to fulfil the need for a comprehensive list of current Australian entomological literature. If you have published anything likely to be overlooked I would be greatful for reprints or details of such publications.
